USA Guides was founded with the guiding principal of providing the highest level of professional services to our clients. Our singular goal is and always will be the welfare and safety of our clients. Whether our Agents are transporting a troubled or at risk teen, providing security for singles or senior citizens during their travels, or escorting a minor child to any destination the goal is clear; **The safe passage of our clients from one location to their final destination.**

It is truly one of the most difficult "Tough Love" decisions that loving parents will probably ever be faced with....

USA Guides is the **First and only** Transport Company to offer GPS tracking technology. Once attached the GPS ankle unit cannot be removed without a special key!

The principals of the company have combined over 88 years of business experience and integrated into these experiences state of the art technology to develop a synergy of capabilities and knowledge that is unsurpassed within the transport and escort industry.

We go to any point of the compass to serve the children & their families, and while doing so we are always in contact by Cellular or **Satellite** phone!

Our people, experience, training, & dedication combined with state of the art technology make Us The Best!
